# DEAR HUMMEL RETAILER

## *2014 - ANOTHER RECORD YEAR!*

This year, we have expanded our collaboration with FC St. Pauli! A partnership driven by strong, joint brand values, karma being one, and by hummel's passion for the iconic club shared by 18 million fellow sympathisers. Chevrons and totenkopfs are now united on the field in an exciting sport collection created by our designers. In Europe our football business is growing e.g. in Spain where we now equip eight teams in La Liga and Secunda B.

As leading handball brand, we have initiated collaboration with Fühse Berlin, a top team in DKB Handball-Bundesliga, Germany's best division. We are proud to be sharing our chevrons with this bunch of fighters and believers.

**NOOS**

*Within hummel's core business areas our NOOS (never out of stock) system is our primary business driver. As a result, we have been developing our express delivery system and extending our range of NOOS products; hereby ensuring a fast and easy delivery of constantly growing product lines. NOOS will continue to be the key focus of our retailer service programme.*

**RETAIL**

# CHANGE THE WORLD THROUGH SPORT

*For hummel, sport is more than a physical activity. It is a universal language, which holds the power to eliminate differences in politics, culture, religion and beliefs. We believe we can make a real change in the world by using sport to create understanding, respect and unity without borders.*

## 1923

After having watched a football match in the pouring rain, young shoemaker Albert Messmer develops one of the first football cleats the world has ever seen. In the aftermath he founds the company Messmer & Co. with his brother Michael Ludwig Messmer in the Hamburg suburb of Eppendorf.

## 1956

The visionary Bernhard Weckenbrock takes over the company. He believes that the product needs to have a unique personality, which athletes can identify with. From this philosophy emerges the classic chevron logo, which symbolizes team spirit, progression and a drive to win. Partnered with the main bumblebee logo, the identity of the new hummel is now in place.

## 1968

hummel signs its first sponsorship deal with football club, Duisburg, from the 2nd German Bundesliga.

## 1969

hummel launches its first collection of sportswear. Promotional sponsorships help sales, and the company enjoys massive success. Later that year, the hummel logo (the bumblebee) is created – in a somewhat rounder version.

## 1988

hummel signs a sponsorship deal with mighty Real Madrid – and with the club's biggest star, Danish football's nightmare, Emilio Butragueño. The deal sees the sale of hummel products hit the roof across Europe.

## 1992

The Danish national football team wins the European Championship – wearing hummel. Since Denmark has not qualified regularly and is admitted only 10 days before the beginning of the tournament at expense of former Yugoslavia, problems arise concerning delivery of playing kits to the team. In accordance with Denmark's unexpected success, national team jerseys are ripped off the shelves in sports stores across the country.

## 1999

With THORNICO as the new owner, Christian Stadil makes his entrance at hummel. He launches a collection of reintroduced, original sport styles into the fashion market. This establishes hummel as a trendsetting sports apparel brand.

## 2012

hummel strengthens in the German market by signing a sponsorship deal with Karlsruher SC and also introducing an off-field deal with FC St. Pauli which equips the club with boots, bags, underwear, goalkeeper gloves and fashion sneakers.

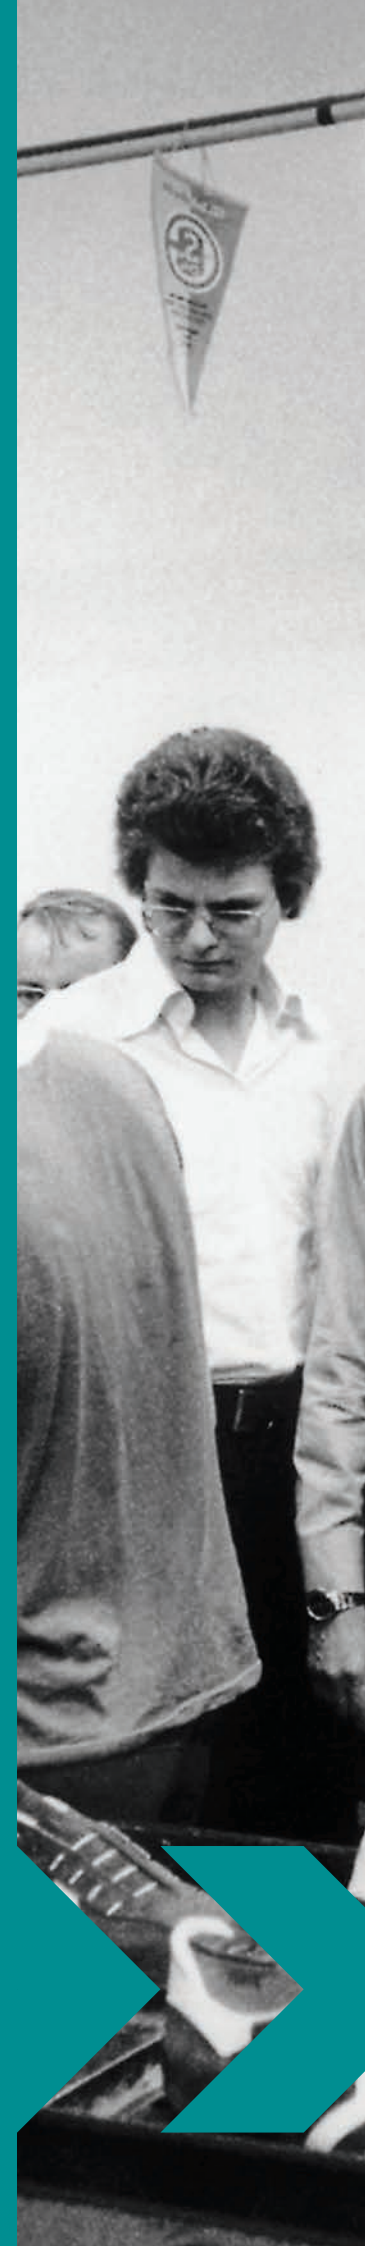

## 2013

The year of our 90th anniversary was both busy and exciting. We published a brand book and launched a range of anniversary products. Just the right way to celebrate an important milestone in hummel's history.

## 2014

This year, we have both expanded our collaboration with FC St Pauli and signed Füchse Berlin; an exciting new development that both cements hummel as a leading handball brand and strengthens our presence on the football field. Apart from their colourful profile, FC St Pauli is also engaged in several projects with the aim to change the world through sport; a focus completely in sync with hummel's vision.

# THE HUMMEL BRAND HISTORY

THE BUMBLEBEE COMPANY HAS NOW BEEN AIRBORNE FOR 90 COLORFUL YEARS, AND AS WE CELEBRATE OUR 90TH ANNIVERSARY, WHAT WILL BE MORE NATURAL THAN TAKING A NOSTALGIC STROLL DOWN MEMORY LANE AND RELIVE SOME HIGHLIGHTS OF THE EXCITING HUMMEL HISTORY?

### **COOL ZONE** – *Applies to Textiles*

Using selected material and construction methods for increased breathability and thermal property management, hummel Cool Zone is designed to keep your body and feet cool and dry throughout the match.

### **DRY ZONE** – *Applies to Textiles*

The hummel Dry Zone features functional outdoor apparel made exclusively from breathable and waterproof fabrics that are able to endure the most rigorous weather conditions. Perspiration is transported from the body out through the fibers of the fabric enabling the body to stay dry and comfortable.

### **FIT ZONE** – *Applies to Textiles & Footwear*

Created through close collaboration with professional athletes and technicians, the unique Fit Zone supplies better comfort and performance for both hummel textile and footwear products.

### **PIVOT ZONE** – *Applies to Footwear*

Positioned on the ball of the foot to control the grip and maximize stability thus reducing the risk of injury, this zone will benefit the players by further enhancing their ability to pivot freely on court.

### **GRIP ZONE** – *Applies to Textiles & Footwear*

Specifically designed for resin application on footwear, grip zone features extra durability, added stability and unique visual branding. On textiles a silicone print gives e.g. better ball control.

### **FLEX ZONE** – *Applies to Textiles & Footwear*

Designed to provide ultimate flexibility within hummel apparel products thus enabling you to move freely. For footwear this zone is created to allow the shoe to flex naturally in the forefoot.

### **IMPACT ZONE** – *Applies to Footwear*

The impact zone is a shock absorbing material injected into the midsole designed to maximize shock absorption. Ankles, knees and hip joints will benefit from a superior shock absorbing material placed in this key area of the outsole.

### **STABILITY ZONE** – *Applies to Footwear*

Specifically designed for increased lateral stability and optimal traction.

### **GUARD ZONE** – *Applies to Textiles & Footwear*

On footwear the guard zone is a specially designed zone which strengthens the toe box area of the shoe through a layer of high durability rubber. The design of the upper is done without stitches or seams in this all important area of the shoe which is normally prone to damage. On textiles the guard zone implies e.g. a thicker layer of padding on elbows.

### **POLYGIENE** – *Applies to Textiles*

Based on natural silver salt, Polygiene effectively inhibits the growth of odor-causing bacteria and eliminates fungi that contribute to tinea infections, more commonly known as jock itch and athlete's foot while also prolonging the life of the product in question.

# THE HUMMEL ZONE TECHNOLOGY

THE HUMMEL ZONE TECHNOLOGY IS CREATED THROUGH CLOSE COLLABORATION WITH TECHNICIANS AND PROFESSIONAL ATHLETES TO MAKE YOU COMFORTABLE AND PROTECTED DURING TRAINING. THE DIFFERENT ZONES ARE DESIGNED TO BOOST ATHLETIC FREEDOM OF MOVEMENT, BREATHABILITY AND PROVIDE DYNAMIC SUPPORT FOR MUSCLES IN OUR TEXTILES AND FOOTWEAR.

# Rhein-Neckar Löwen

## THE HUNGRY LIONS FROM MANNHEIM

*RHEIN-NECKAR LÖWEN IS BASED IN THE CITY OF MANNHEIM, WHICH IS SITUATED IN WESTERN GERMANY. THE TEAM IS PLAYING IN THE DKB HANDBALL-BUNDESLIGA, THE MEN'S TOP HANDBALL LEAGUE.*

Rhein-Neckar Löwen is a rather young handball club. The club was first founded in 2002, making the lions from Mannheim barely 10 years old. In comparison, some of the other competitive clubs in the league have roots dating back to the 1860's. Despite the club's short lifespan, the lions have already shown that they mean business! The team climbed their way to the top in three German Cup finals in 2006, 2007 and 2010. They also qualified for the EHF Cup Winners' Cup final in 2008. However, it wasn't until 2013 that Rhein-Neckar Löwen claimed their first ever trophy, beating Nantes in the EHF Cup final. This taste of victory has shown Rhein-Neckar Löwen's seasoned competitors that the hungry lions are here to stay.

At hummel, we truly admire the fighting spirit of the lions from Mannheim. Back in 2008, we formed a partnership with the handball club. Actually, we first entered the lion's den just one-year prior, when we formed a personal sponsorship deal with the star player, Oliver Roggisch. Today, hummel still works closely with the mighty pivot,

### FOUNDING YEAR 2002

Roggisch, who has played more than 150 matches for both Rhein-Neckar Löwen and the German national team.

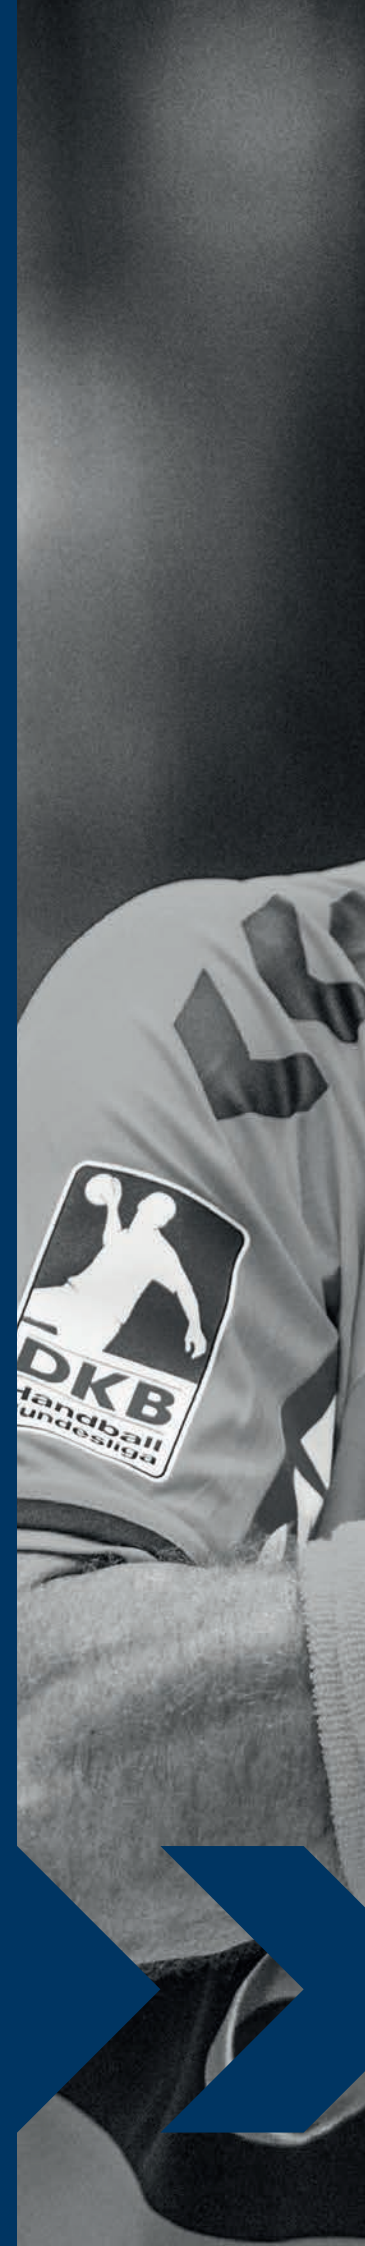

### Did you know?

- The lions' den is the SAP Arena in Mannheim. This 13,200 capacity venue is one of the biggest arenas in the German league. The rivals from Hamburg have a capacity of 13,000, while the north German team, Kiel, can hold 10,250 spectators.
- Rhein-Neckar Löwen shares the grand SAP Arena with one of the country's best ice hockey teams.
- Oliver Roggisch is a very passionate carp enthusiast. He studies them, feeds them and even swims with them!

# Brøndby IF

## UNITY ON THE WESTERN OUTSKIRTS OF COPENHAGEN

*BRØNDBY IF IS THE LOCAL FOOTBALL CLUB FROM BRØNDBY, A SUBURB OF COPENHAGEN IN THE EAST OF DENMARK. THE TEAM IS CURRENTLY PLAYING IN THE DANISH TOP DIVISION, THE SUPERLIGA.*

Brøndby IF is one of the most successful clubs in Denmark, winning many trophies and titles in Danish football. These include an extraordinary 10 Danish Championships! The club's most recent trophy is from 2008 where the experienced club won the Danish Cup. In 2005, both the league and cup title were won under the management of legendary former players, Michael Laudrup and John 'Faxe' Jensen.

In Brøndby IF, emotions run high and community principles are of great importance. The club is strongly committed to a message of anti-racism, a core value of a club with the highest number of multicultural Danes. Brøndby IF is renowned for their key views on social integrity and the mutual respect for people's differences.

Brøndby IF has been a wholehearted and spirited club throughout nearly 50 years of history. As feelings intensify, the many fans of Brøndby IF admit to a life of loyalty to their team. The club's

### FOUNDING YEAR 1964

beating heart is the many dedicated volunteers who proudly engage in the Brøndby IF motto: 'No one is above the club'. This unique commitment is totally in sync with hummel's values, making us very excited to be a part of the club's successful history. Brøndby IF openly shares hummel's mission to Change The World Through Sport. For instance, through Brøndby Cares, the club works with a wide range of charities such as The Danish Cancer Society and Save the Children.

### Did you know?

- In 2013, the small Copenhagen suburb Brøndby was the most publicised town in the Danish media; this was mainly because of Brøndby IF.
- Danish football legends Michael Laudrup, Brian Laudrup, John 'Faxe' Jensen and Peter Schmeichel have all played for Brøndby IF.
- In the 1998/1999 season, Brøndby IF entered the group stage of the UEFA Champions League. The team faced a heck of a challenge, as they were grouped with Bayern Munich, FC Barcelona and Manchester United in the 'group of death'.

# SPVGG GREUTHER FÜRTH

## THREE TITLES FOR THE THREE LEAF CLOVERS

*THE GERMAN FOOTBALL CLUB SPVGG GREUTHER FÜRTH IS LOCATED IN THE PROUD TOWN OF FÜRTH. THE CLUB IS CURRENTLY PLAYING IN THE 2. BUNDESLIGA, GERMANY'S SECOND BEST DIVISION.*

*FOUNDING YEAR 1903*

Greuther Fürth was founded back in 1903 in the early days of German football, and the new club quickly became a major player at a national level. Just about a decade after its foundation, the club from Fürth won its first German Championship in 1914. This achievement was repeated already in 1926, as Fürth secured a second national championship after beating intimidating Hertha BSC. Now, Greuther Fürth was really starting to build a name for itself in the football world, and the Fürth reputation was reinforced even further, as it became the first German team ever to beat the frightening F.C. Barcelona on the Spaniard's own turf in Catalonia. Only three years later, Greuther Fürth completed a stunning championship hat-trick when the club once again defeated Herta BSC Berlin - this time in front of massive 50,000 spectators in a final with a hostile atmosphere and some pretty nasty tackles. These triumphs leave Greuther Fürth with three German Championship trophies in its cabinet.

Twenty years after the founding of Greuther Fürth, hummel was established on a muddy football pitch in a town a little further north. It was here that a man named Albert Messmer had a brilliant idea: to attach studs to the soles of football boots to stop the players from sliding on the wet, slippery pitch. Since then, a lot of water has run under the hummel bridge. Since becoming Danish-owned back in only 1980, hummel has continued to work in close relations to the neighbouring country to the south. Meaning, hummel has always kept close ties to Germany where the story of the hummel bee all started.

### **Did you know?**

- The team from Fürth is also known as 'Kleeblätter' meaning the 'Clover Leaves', as the leaf is an integrated part of the club's crest.
- In 2012, the club was promoted to the Bundesliga for the first time in history.
- Greuther Fürth won the German Indoor Cup in 2000.

# Karlsruher SC

## THE GOLDEN 90'S

*THE FOOTBALL CLUB, KARLSRUHER SC, IS BASED IN THE CITY OF KARLSRUHE IN THE SOUTH-WESTERN PART OF GERMANY. THE CLUB CURRENTLY PLAYS IN THE SECOND HIGHEST GERMAN DIVISION, THE 2. BUNDESLIGA.*

Karlsruher SC was founded in October 1952 after two regional clubs, KFC Phoenix and VfB Mühlburg, united to become one strong force: Karlsruher SC. The solid club has since played in Germany's top division for many seasons. In the 1987/1988 season, the successful Baden-Württemberg club once again promoted to the Bundesliga. Through heroic efforts and unity, KSC managed to play 11 consecutive seasons in the Bundesliga before relegating in 1998.

Over the years, Karlsruher SC hasn't just performed well domestically; the club also made a remarkable performance in the European UEFA Cup. During the 1993/1994 season, KSC took on the fearsome Spaniards from Valencia in the second round. Many did not believe the Germans could win. Karlsruher SC ended up losing the first game 3-1 and all hope was lost. In the next leg, the team found a victorious spirit and they thrashed Valencia 7-0 at Wildparkstadion. To this day still, people talk about this extraordinary comeback and refer to it as: 'Das Wunder Vom Wildpark'.

### FOUNDING YEAR 1894

At hummel we love a great underdog story just like 'Das Wunder Vom Wildpark'. That is why we, in the 2012/2013 season, began a co-action with Karlsruher SC. Through the shared values of character, proud heritage and ambition, we know we can bring back the success of The Golden 90's! KSC also shares our promising mission to Change The World Through Sport. Their regional, KSC macht Schule project, helps to educate young people with social problems of addiction and violence.

### Did you know?

- In the 7-0 win against Valencia, the legendary German goalkeeper, Oliver Kahn, played for KSC. Kahn made a number of crucial saves that helped them win the game.
- Oliver Kahn was born in Karlsruhe in 1969 and played for KSC from 1987 to 1994. In total, he made an impressive 128 appearances for his club.
- In 1995, Karlsruher SC won the DFB-Hallenpokal, which is an indoor tournament traditionally held during the Bundesliga winter break.

# Christiania Sports Club

## A COLORFUL COMBINATION OF DIVERSITY AND SPORT

*THE DANISH FOOTBALL CLUB CHRISTIANIA SPORTS CLUB IS LOCATED IN THE PROUD FREETOWN OF CHRISTIANIA, COPENHAGEN. THE CLUB IS CURRENTLY PLAYING IN THE COPENHAGEN DIVISION; DENMARK'S FIFTH BEST DIVISION.*

In 1980, a bunch of mates from Christiania are having a relaxed kickabout, as an enthralling idea is suddenly aired amongst them: "Why don't we start our own football club?" Two years later, in 1982, a club named Christiania Sports Club is a reality representing the freetown of Christiania.

The club started off in the lower divisions but quickly increased the number of members, due to the strong recognition CSC obtained in the local community. In fact, now the club has 90 active members divided into seven teams and more than 200 passive members. In 2012, hummel entered a long-term partnership with the colourful Christiania sports Club due to shared and heartfelt values of respect for cultural diversity, alternative ways of living and profound wish to make the world a better place

And CSC is experiencing commitment and support on several fronts. People are eager to show their support and unity for the freetown football club, and on a regular basis, actors, musicians, TV characters, artists, sport stars and the likes are spotted wearing the unique CSC jersey claiming the values and stance it represents.

### **FOUNDING YEAR 1982**

The jersey is obviously also proudly worn by the players from CSC every time they step onto the pitch. Even though the club started off in the lower tiers of Danish football, the players, coaches, staff and supporters have given their all, so that the club now, for the first time in history, has reached the Copenhagen Division, but the ambition doesn't stop there: A common understanding between the members of the club is that CSC is aiming for the Superliga, which is the top level of Danish football.

### **Did you know?**

- Ami James, U2, Suspekt, Lukas Graham, Woody Harrelson, Ice Cube and Daniel Agger are just some of the familiar faces to have shown their support for the club by flashing their CSC gear.
- The freetown of Christiania is one of the biggest and most visited tourist attractions in Copenhagen and it accommodates around 900 residents.
- The players from CSC featured as hummel ambassadors for the SS14 Stay Authentic campaign, which was shot in Christiania.

# SD Eibar

## UNDERDOG WITH A BITE

*THE SPANISH FOOTBALL CLUB SD EIBAR IS LOCATED IN THE PROUD TOWN OF EIBAR. THE CLUB IS CURRENTLY PLAYING IN LA LIGA; SPAIN'S BEST DIVISION.*

For the first time in its 74 years long history, the tiny Spanish football Club SD Eibar is set to join La Liga next season, rubbing shoulders with Real Madrid and FC Barcelona. Unfortunately, the club has to fight off the field too in order to reach its dreams.

Although Eibar has earned the right to play in La Liga on the football field, the little club from the Spanish Basque Country is now facing the financial absurdity of modern football. Eibar is self-sustaining, completely free from debt and all their players are paid on time. Nevertheless, Eibar has to come up with 1.7 million Euros by August 6th due to a law passed in 1999.

Being a small club, Eibar is not in possession of that sort of money – and the story could have ended there, but it doesn't! With a campaign "Defiende Al Eibar" the club now seeks to raise capital selling Eibar shares to football fans all over the world at 50 euro each. At the time of writing, the club has received overwhelming support with

### **FOUNDING YEAR 1940**

almost 90% of the capital raised and a month left to raise the rest.

hummel is delighted to have found a kindred spirit with this sort of fighter's mentality and is looking forward to following them the next three seasons!

### **Did you know?**

- Only last year SD Eibar was promoted to the Segunda A division after spending 5 years in the Segunda B division, and since then they have climbed up the Spanish football ranks all the way to La Liga.
- The smallest club to have ever played in the top flight in England were Glossop North End, who hit the English First Division back in 1899 on a population of some 30,000. Eibar has 25,000 inhabitants.
- Thirteen of the 23-man squad are Basques, one (Jo Errasti) is from Eibar.

## DESCRIPTION OF HANDBALL SPECIFICATIONS

All handballs are hand-stitched and made from the synthetic material 'PU' (Polyurethane).

The 'MF' sign shows that the PU uses microfiber backing which makes the material extra soft.

This number shows the thickness of the PU material in millimeters. The thicker the PU material, the softer the touch of the ball is.

Specially developed, light and soft air-cushion which gives the ball extra softness and a good bounce.

Latex bladder with our specially developed Air-Trap valve which makes the ball retain air for longer.

The ball is not suitable for resin.

# HANDBALL INFLATION GUIDE

## PREPARATION

During wintertime, we suggest to store the handballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

## VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

## INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

## CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

# HANDBALL MAINTENANCE GUIDE

## BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

## STORAGE

Store the handball in a ventilated room at 20 – 25°C.

# Füchse Berlin

## WIR SIND DIE JÄGER, WIR SIND BERLIN.

*THE GERMAN HANDBALL CLUB FÜCHSE BERLIN IS LOCATED IN THE CITY OF BERLIN. THE CLUB IS CURRENTLY PLAYING IN THE DKB HANDBALL-BUNDESLIGA; GERMANY'S BEST DIVISION AND THE STRONGEST HANDBALL LEAGUE IN THE WORLD.*

In the northwestern part of Berlin, Germany, you will find a borough of the capital called Reinickendorf. Intertwined with the beautiful nearby countryside, Reinickendorf is an idyllic combination with trees, lakes and parks on the one hand, and tranquil suburban streets and a lot of free parking spots on the other hand. This is the native home turf of Füchse Berlin.

Nowadays, the brand Füchse Berlin represents the entire city of Berlin, and every once in a while, the peaceful neighbourhood atmosphere is shattered by the passionate roar of 9,000 Füchse Berlin supporters, cheering their local heroes onto the field in the Max-Schmeling-Halle, which is located in the eastern part of Berlin. In this amazing atmosphere, the players literally emerge from a giant foxes mouth in one corner of the arena assisted by flames, fireworks and the team mascot Fuchsi.

This overall fox theme is a visualisation of the club motto: We are the hunters, we are Berlin, which is stated in order

### FOUNDING YEAR 1891

to embrace the rural landscape that surrounds Reinickendorf, but also to establish the club as the leading sport team in the German capital. And this bold statement is not just empty words: In 2014, Füchse Berlin managed to take home their first trophy ever by winning the DHB-Pokal in a close match that ended 22-21 against SG Flensburg-Handewitt. A major factor in claiming the trophy was hummel character Silvio Heinevetter, who put in a match-winning performance in goal to help his team come out on top.

It only took Füchse Berlin seven years to win their first trophy after the team was promoted to the best German handball league back in 2007. "Die Füchse" have now taken a big step in order to take ownership of hunting ground more frequently referred to as: 'Berlin'.

### Did you know?

- All the three hummel jerseys of Füchse Berlin are inspired by camouflage and from the leafy forest of Reinickendorf, in which the hunter and also the fox lives.
- Besides Silvio Heinevetter, Füchse Berlin also has Paul Drux, Fabian Wiede, Jonas Thümmler and Konstantin Igropulo represented in the colorful hummel family.
- Füchse Berlin has not only achieved great results on domestic turf in Germany. The team has also finished 4th in the prestigious Champions League in 2011/12 and 3rd in the EHF Cup 2013/14.

## DESCRIPTION OF FOOTBALL SPECIFICATIONS

PU: The footballs are hand-stitched and made from the synthetic material 'PU' (Polyurethane).

\*The Street balls are machine stitched

The ball contains foam which gives it a soft touch. The number after the + shows how many mm. foam the ball contains

The 'MF' sign shows that the PU uses microfiber backing which makes the material extra soft.

This number shows the thickness of the PU material in millimeters. The thicker the PU material, the softer the touch of the ball is.

Specially developed AirTrap bladder which makes the ball retain air for longer

Specially developed, light and soft air-cushion which makes the football very responsive

# FOOTBALL INFLATION GUIDE

## PREPARATION

During wintertime we suggest to store the footballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

## VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

## INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

## CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

# FOOTBALL MAINTENANCE GUIDE

## BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

## STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

## CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

# Inter Movistar

## THE LEGENDARY 'GREEN MACHINE'

*THE SPANISH FUTSAL TEAM IS LOCATED IN ALCALÁ DE HENARES, MADRID. THE CLUB IS CURRENTLY PLAYING IN THE LA LIGA NACIONAL DE FUTBOL SALA; THE BEST FUTSAL DIVISION IN SPAIN AND MOST PROFESSIONAL IN THE WORLD.*

With its only 37 years long history, the Spanish futsal club Inter Movistar can showcase an amazing trophy index: 18 Leagues, 11 Spanish Cups, 10 Spanish Super Cups, 5 World Championships, 4 European Championships and 1 European Recopa, just to mention some.

Only last season, the club obtained the two most important titles in Spain: The Spanish League and the Spanish Cup, thus regaining domination of Spanish territory. Lucky Strike? Not so! Taking a look at the first team explains a lot. With players such as Ricardinho, aka 'the Magician', Rafael, Carlos Ortiz and the keeper Luis Amado in their stable, Inter Movistar has some of the best players in the world!

This upcoming season again, all eyes are on 'The Green Machine', when the club is defending their titles and hopefully obtaining some more in the Spanish League, the Spanish Cup, the Spanish Super Cup, the King's Cup,

*FOUNDING YEAR 1977*

the UEFA Futsal Cup and the World Championship. A demanding and very exciting season to come!

hummel loves the club for its fighters and believers, and even more for combining these qualities with 'doing good' as in the Movistar Megacrack program. An initiative that goes hand in hand with hummel's mission to Change the World through Sport.

### **Did you know?**

— Inter Movistar is one of the most active clubs in Spain when it comes to social responsibility. With their Movistar Megacrack program, they have engaged more than 150.000 school students and 7.000 athletes with different sorts of disabilities.

## PARTY, SKULLS AND FOOTBALL

*THE FOOTBALL CLUB FC ST. PAULI REPRESENTS THE DISTRICT OF ST. PAULI IN THE MIDDLE OF THE NORTH GERMAN CITY, HAMBURG; AN AREA THAT IS KNOWN FOR ITS SINFUL NIGHTLIFE ON THE LEGENDARY PARTY STREET, THE REEPERBAHN. FURTHERMORE, ST PAULI IS CONSIDERED A CULTURAL STRONGHOLD IN GERMANY HOSTING A WIDE RANGE OF ARTISTS, AND WITH THE MILLERTOR GALLERY PLACED IN THE STADIUM OF FC ST. PAULI, THE CULTURE OF THE NEIGHBOURHOOD BECOMES AN INTEGRATED PART OF THE FOOTBALL CLUB.*

Along with its art and off-the-wall party scene, many also know the area for the credible football culture that exists in the district. The people of St. Pauli are passionate about football and to them there is no other team in the world than theirs!

These devoted fans have played a huge role in making the club something very unique. Back in the 1980's, the once traditional club gained its celebrated cult status because of two things: the special area in which the club is located and the club's eccentric fan base. After all, it's the fans that bring the awesome atmosphere to every home game at Millerntor-Stadion.

Not only are the crowds of St. Pauli responsible for elevating the atmosphere to a whole new level, they have also

adopted the skull and crossbones as their own unofficial emblem! The greatly feared symbol perfectly underlines the FC St. Pauli lifestyle as the leagues rebellious pirate.

At hummel, we're very proud to supply the football boots for FC St. Pauli. In fact, the club play their home games only a few kilometres away from where hummel was founded on that muddy football field back in 1923. We love to pay tribute to football clubs with spirit and to those who stand up for the individuality and strength of their community. FC St. Pauli definitely serves as the glue and the ever-beating heart of the local area in this notoriously provocative Hamburg quarter. So, this is why we cheer on the special ones who have made their club what it is today.

FC St. Pauli is a club with personality, fight and passion! They are also a club who shares hummel's mission to Change The World Through Sports. For instance, FC St. Pauli is committed to helping others through projects such as Kiezhelden. This project supports a range of good causes like improving integration in the local city district and also better the conditions for refugees around the world.

### Did you know?

- AC/DC's song "Hells Bells" can be heard before every home game of FC St. Pauli. Also, every time the club scores at home, "Song 2" by Blur is played over the loud speakers to the fans.
- In 2006, the club hosted the FIFI Wild Cup, which is a tournament made up of unrecognised national football teams like Greenland, Tibet and Gibraltar. They participated as the "Republic of St. Pauli".
- Many consider FC St Pauli to be an icon of punk and related subcultures. Several international music bands such as Asian Dub Foundation, Gaslight Anthem and Sigur Rós have been seen sporting the club's kits during concerts.

# KARMA SPONSORSHIPS

---

We want to change the world through sport and our special sponsorships are the greatest testament of how we do so.

As a sport brand we tribute characteristic profiles worldwide, those who play with nothing but strength of will, originality and a love for the game.

They may be your local sport hero, an anti hero, the underdog or a delightfully strange sponsorship.

We do not see them on big screens, but when we see them on and off court they move us and we feel it.

They bring our brand to life.  
We would not be hummel without them.
