DEAR HUMMEL PARTNERS

We are fortunate to have three groups of great long-term partners:

- **The players and clubs from all over the world**
- **The dealers and shops acting as hummel ambassadors for clubs and players**
- **Our suppliers who enable us to perform at a very high level year after year**

Since 1923, we have lived by a mission and in 2023 – when we have been in business for a 100 years – this mission will be the exact same; we want to **change the world through sport** and we want to do this in collaboration with our partners.

To perform well and secure fast deliveries is part of the hummel DNA. This is why our dedicated factories in Vietnam, India and China are always ready for new **express productions**.

We embrace the odd teams – those who follow their own path. The Freetown of Copenhagen in Denmark is just one example. Their football team naturally chose hummel. So did Afghanistan, Sierra Leone, and thousands of other teams worldwide who follow their own dream and not everyone else's.

We are proud to have you on our team and we are looking forward to showing you all the new products and concepts in this new catalogue for 2016.

Together we MAKE HISTORY
Søren Schrøder
hummel CEO since 1993

CHANGE *THE WORLD* *THROUGH* SPORT

MOVEMENT. IMPACT. KARMA.

Our mission to Change the World through Sport (CTWTS) is the backbone of our company. The mission is the distillation of all our values and foundation of our company Karma strategy. It gives us a strong differentiation as a sports brand and improves the quality of life for people around the world, while securing growth for the company.

At hummel, we believe sport is more than a physical activity. For us it is a universal language with the power to eliminate differences in politics, culture, religion and beliefs.

As a company we know we can make a real change in the world by using sport to create understanding, respect and unity. Through unique partnerships, projects and activities we support and initiate projects, which help people, live out their passion for sport. From core projects in Afghanistan and Sierra Leone to projects and events around the world, we empower people through sport and give them a platform for stepping into character. In a cohesive world, we believe this can act as a boomerang of positive change for all.

THIS IS WHAT WE CALL KARMA.

#hummelsport

#ChangeTheWorldThroughSport

1923

In the roaring twenties, the young shoemaker Albert Messmer came up with the idea of mounting cleats to the soles of football boots, making football players stand their ground in rainy weather on the muddy field. This changed the football game completely. Albert established a company to continue developing new and innovative sports equipment. After the small, chubby bumblebee, that isn't really supposed to be able to fly, the company was named hummel.

1950s

The visionary Bernhard Weckenbrock takes over the company in the fifties. He emphasizes the essentials of building a brand, having a unique personality that athletes can identify with. The chevron, then only a product feature, becomes an iconic brand mark on all hummel sport products. Through tenacity, creative happenings and pioneering sponsorships within handball and football, Weckenbrock establishes hummel firmly in the European sports-lifestyle industry.

1970s

hummel is introduced to the North European market and with well-designed collections; hummel becomes an instant hit — both within sports and fashion. With several strong and stand out sponsorships, here among the Danish National Football Team in 1979, hummel continues its history of unique sponsorships and now also focus on niche sports like boxing, tennis and swimming.

1980s

As the only sports brand of that era, hummel offers special designed sponsored sportswear for teams. This attracts some of the world's biggest football clubs and several of the greatest football nations in the world, including Real Madrid in Spain, Verona in Italy and Tottenham Hotspur in England. With its ironic mix of Scandinavian design aesthetic and colourful sportswear, hummel also sets the international standard for sports inspired fashion in the mid-eighties.

1990s

With Denmark surprisingly winning the European Championship in Football in 1992 and with powerful sponsorships of Real Madrid and Red Star Belgrade, hummel is globally seen as the contending underdog in the sport-lifestyle industry. However, growing too big too fast becomes a problem for hummel and the company changes its sponsorship strategy and focus on the underdogs, misfits and small clubs with character.

2000s

A wave of retro washes over the world. Inspired by past time and styles hummel re-introduces its classic collections and sneakers. This has a staggering effect on the brand's image and hummel enjoys the attention of the fashion world, and establishes itself as a trendsetting sports apparel brand with a unique set of values.

2010s

hummel has established itself as a quirky, Danish sportswear brand with a strong heritage. Continuing its focus on the underdogs and characterful misfits of the sports world, hummel translates its unique approach to sponsorships into a brand promise: Change the World through Sport (CTWTS). This becomes a guiding principle for all actions of hummel and becomes evident in all products, communication and signing of sponsorships like the national Afghanistan football team, Christiania and FC St Pauli.

THE HUMMEL BRAND HISTORY

COOL ZONE – *Applies to Textiles*

Using selected material and construction methods for increased breathability and thermal property management, hummel Cool Zone is designed to keep your body and feet cool and dry throughout the match.

DRY ZONE – *Applies to Textiles*

The hummel Dry Zone features functional outdoor apparel made exclusively from breathable and waterproof fabrics that are able to endure the most rigorous weather conditions. Perspiration is transported from the body out through the fibers of the fabric enabling the body to stay dry and comfortable.

FIT ZONE – *Applies to Textiles & Footwear*

Created through close collaboration with professional athletes and technicians, the unique Fit Zone supplies better comfort and performance for both hummel textile and footwear products.

PIVOT ZONE – *Applies to Footwear*

Positioned on the ball of the foot to control the grip and maximize stability thus reducing the risk of injury, this zone will benefit the players by further enhancing their ability to pivot freely on court.

GRIP ZONE – *Applies to Textiles & Footwear*

Specifically designed for resin application on footwear, grip zone features extra durability, added stability and unique visual branding. On textiles a silicone print gives e.g. better ball control.

FLEX ZONE – *Applies to Textiles & Footwear*

Designed to provide ultimate flexibility within hummel apparel products thus enabling you to move freely. For footwear this zone is created to allow the shoe to flex naturally in the forefoot.

IMPACT ZONE – *Applies to Footwear*

The impact zone is a shock absorbing material injected into the midsole designed to maximize shock absorption. Ankles, knees and hip joints will benefit from a superior shock absorbing material placed in this key area of the outsole.

STABILITY ZONE – *Applies to Footwear*

Specifically designed for increased lateral stability and optimal traction.

GUARD ZONE – *Applies to Textiles & Footwear*

On footwear the guard zone is a specially designed zone which strengthens the toe box area of the shoe through a layer of high durability rubber. The design of the upper is done without stitches or seams in this all important area of the shoe which is normally prone to damage. On textiles the guard zone implies e.g. a thicker layer of padding on elbows.

POLYGIENE – *Applies to Textiles*

Based on natural silver salt, Polygiene effectively inhibits the growth of odor-causing bacteria and eliminates fungi that contribute to tinea infections, more commonly known as jock itch and athlete's foot while also prolonging the life of the product in question.

THE HUMMEL ZONE TECHNOLOGY

THE HUMMEL ZONE TECHNOLOGY IS CREATED THROUGH CLOSE COLLABORATION WITH TECHNICIANS AND PROFESSIONAL ATHLETES TO MAKE YOU COMFORTABLE AND PROTECTED DURING TRAINING. THE DIFFERENT ZONES ARE DESIGNED TO BOOST ATHLETIC FREEDOM OF MOVEMENT, BREATHABILITY AND PROVIDE DYNAMIC SUPPORT FOR MUSCLES IN OUR TEXTILES AND FOOTWEAR.

Christiania Sports Club

A COLORFUL COMBINATION OF DIVERSITY AND SPORT

THE DANISH FOOTBALL CLUB CHRISTIANIA SPORTS CLUB IS LOCATED IN THE PROUD FREETOWN OF CHRISTIANIA, COPENHAGEN. THE CLUB IS CURRENTLY PLAYING IN THE COPENHAGEN DIVISION; DENMARK'S FIFTH BEST DIVISION.

In 1980, a bunch of mates from Christiania are having a relaxed kickabout, as an enthralling idea is suddenly aired amongst them: "Why don't we start our own football club?" Two years later, in 1982, a club named Christiania Sports Club is a reality representing the freetown of Christiania.

The club started off in the lower divisions but quickly increased the number of members, due to the strong recognition CSC obtained in the local community. In fact, now the club has 90 active members divided into seven teams and more than 200 passive members. In 2012, hummel entered a long-term partnership with the colourful Christiania sports Club due to shared and heartfelt values of respect for cultural diversity, alternative ways of living and profound wish to make the world a better place

And CSC is experiencing commitment and support on several fronts. People are eager to show their support and unity for the freetown football club, and on a regular basis, actors, musicians, TV characters, artists, sport stars and the likes are spotted wearing the unique CSC jersey claiming the values and stance it represents.

CREST

FOUNDING YEAR 1982

The jersey is obviously also proudly worn by the players from CSC every time they step onto the pitch. Even though the club started off in the lower tiers of Danish football, the players, coaches, staff and supporters have given their all, so that the club now, for the first time in history, has reached the Copenhagen Division, but the ambition doesn't stop there: A common understanding between the members of the club is that CSC is aiming for the Superliga, which is the top level of Danish football.

Did you know?

- Ami James, U2, Suspekt, Lukas Graham, Woody Harrelson, Ice Cube and Daniel Agger are just some of the familiar faces to have shown their support for the club by flashing their CSC gear.
- The freetown of Christiania is one of the biggest and most visited tourist attractions in Copenhagen and it accommodates around 900 residents.
- The players from CSC featured as hummel ambassadors for the SS14 Stay Authentic campaign, which was shot in Christiania.

Afghanistan

FOOTBALL FOR PEACE

NOWHERE IN THE WORLD IS THE UNIFYING POWER OF FOOTBALL BETTER ILLUSTRATED THAN IN AFGHANISTAN - WHERE THE BEAUTIFUL GAME HAS BROUGHT INSPIRATION AND EMPOWERMENT TO MILLIONS AND A SMILE TO THE FACE OF A NATION.

It has been a memorable five years for the sport in a country ravaged by war and conflict, with Afghanistan breaking into the top 150 of FIFA's global rankings and competing in the second round of Asian qualifying for the 2018 World Cup.

The sport and the country itself have come a long way since the Afghan women's team played a team of female NATO soldiers in Kabul. In 2013, Afghanistan produced one of the great football fairy tales, when they beat India in the final of the SAFF Games to claim their first international title. The Lions of Khorasan then crowned a remarkable year by winning the FIFA Fair Play Award in recognition of their fortitude and courage.

It's those qualities which make hummel and the Afghanistan Football Federation natural partners and, as well as providing equipment to the country's senior and youth national teams, we're proud to say that we have been instrumental in ensuring that football continues to work its unique magic in both the men's and women's game.

The heartbeat of any nation, of course, is its children, which is why hummel is also helping to run football festivals for the next generation of Afghan talent – kids who might one day find themselves performing in Afghanistan's now fully established Premier League.

In September, hummel was proud to sponsor a hugely successful Peace Match in London, with Afghanistan and Great Britain joining forces to take on an all-star side. It was a special and significant afternoon, witnessed by some of football's biggest names and dignitaries. It was also a timely reminder of football's almost limitless ability to create bonds that stretch far beyond the confines of the pitch.

Afghanistan's journey from outcasts to a treasured member of the international football family remains one of sport's greatest stories. With hummel standing resolutely at their side, there are plenty more chapters just waiting to be written.

TRAINING

COLLECTION RUNNING THROUGHOUT 2016

(MAY NOT APPLY TO ALL STYLES)

The hummel® training collection provides the look and functionality needed for a serious workout and the stock collection covers the best of basics.

For women, our black based stock collection offers a tight program in various fits and lengths in high quality quick-dry treated materials. Matching sports bra, tank top, tee and shorts complete the base assortment.

For men, tees are available with and without sleeves and as seamless designs in stretchable quick-dry treated materials. These are accompanied by shorts offering ventilating details and pocket for coins or keys.

Last but not least, the seamless line of silhouette-enhancing designs offers great flexibility and seamless comfort for a high-intensity workout.

V-Varen Nagasaki

THE PEACE SHIRTS

JAPANESE J2 LEAGUE SIDE V-VAREN NAGASAKI HAVE TEAMED UP WITH HUMMEL TO PRODUCE TWO COMMEMORATIVE “PRAY FOR PEACE” SHIRTS, MARKING 70 YEARS SINCE THE ATOMIC BOMBING OF THE CITY

Up to 100,000 people are estimated to have died in the blast, coming just three days after a first bomb was dropped on Hiroshima. It is not surprising, then, that many Japanese people struggle to recount the horrors of August 9, 1945; a recent survey claimed that 70% of the country’s citizens could not name the date on which the bomb was dropped on Nagasaki.

The home shirt, in the team’s distinct blue and orange colours, therefore promotes awareness and peace, its design incorporating both local and universal elements. An origami crane is printed alongside a faithful rendering of sculptor Seibo Kitamura’s iconic 1955 Peace Statue, located in Nagasaki Peace Park. A goalkeeper shirt, in yellow and pink, has also been released.

V-Varen Nagasaki unveiled the special hummel home shirt on August 8th, a day before the landmark anniversary, in a tie with Consadole Sapporo. The football club and the city mark the date each year, but this 70-year commemoration was especially poignant.

More than a football match, the occasion was transformed into an act of remembrance and a celebration of unity. Around 1,300 people, including players, coaches, and their families, huddled in formation prior to kickoff, spelling out the word “PEACE” to a watching 10,184 spectators.

Indeed, “peace through peace” was the theme of the day, the club stating that by the promotion of peace, peace can itself be achieved. Such a belief is epitomised by Kitamura’s Buddha-like figure, which takes pride of place on the front of the shirt. The team will run out with

the kit for a second time at Nagasaki Athletic Stadium on August 23rd.

The club’s head coach is Takuya Takagi, an ex-Japan international who also turned out for Hiroshima’s football club, Sanfrecce. Commenting on the shirt’s design, he said, “We can feel Nagasaki from these points. I think playing with this uniform is very significant. However, the more important thing I felt is that we can play football, and that many supporters can come to the stadium to enjoy football.”

Takagi’s words chime with the founding aim of hummel’s Company Karma project, that is, to “change the world through sport”. Since Company Karma’s inception, hummel have sponsored and provided equipment to causes as diverse as amputee football in Sierra Leone and women’s football in Afghanistan, among others.

Midfielders Naoya Ishigami and Ryota Kajikawa, like their coach, were quick to applaud the shirt. Ishigami noted the positive “pressure and responsibility” that came with the shirt, praising the inclusion of the Peace Statue, which he called “the symbol of Nagasaki”. Kajikawa, meanwhile, observed the symbolism of the August 8th commemoration: “I am glad that people had a moment to think of peace through this game.”

It is not the first time that V-Varen Nagasaki and hummel have collaborated on a noteworthy shirt. Earlier in the year, to celebrate the 10th anniversary of the club, players smartened up with a ‘tuxedo’ kit, replete with bow tie and buttons.

(MAY NOT APPLY TO ALL STYLES)

Fit zone technology used for optimal comfort and movement

Tubular knitting offering seamless body construction

Developed using the revolutionary polygiene technology which allows the apparel to stay odor and bacteria free while making the garment last longer

hummel products stay fresh with polygiene technology

Anti-bacteria treatment

Heavy reduction of fungi risks and odor-causing bacteria

Effective and environmentally friendly antimicrobial technology

Using natural silver salt approved for use in the textile industry by oeko-tex® and bluesign®

Less washing is needed thereby improving the longevity of products

Founded in 1926

REAL OVIEDO CLUB DE FUTBOL

REAL OVIEDO REMAIN ONE OF SPANISH FOOTBALL'S MOST RECOGNISABLE NAMES, HAVING GRACED LA LIGA, ALONGSIDE THE LIKES OF BARCELONA AND REAL MADRID, FOR A LARGE PART OF THEIR DISTINGUISHED 90 YEAR HISTORY.

The anniversary of their formation arrives in March 2016 and will be hugely celebrated by the club and its now global fan base following a period that has seen Oviedo rise again after being threatened with extinction.

On the brink just three years ago, the Carbayones now find themselves back in the Spanish Segunda Division - illustrating the enduring qualities of a club that has fostered the talents of the likes of Juan Mata and Santi Cazorla in the recent past.

Oviedo owes its survival to the generosity of supporters from across the world, with the club's share issue in November 2012 not only offering Oviedo salvation when they needed it most but also assuring one of Spanish football's most iconic names of a unique place in the modern football world.

Thousands of fans from across the globe now own shares in Oviedo, with their generosity during the club's time of need, inspiring

regulars of the Carlos Tartiere Stadium to coin the phrase 'proud of you' – a sentiment which reflects the vote of thanks that Oviedo fans owe to those who saved the club.

The values embraced by the club during that turbulent period, clearly mirror those of hummel – with inclusivity, unity and passion running like a thread through everything that Oviedo believe and stand for.

Financial salvation off the pitch have led to success off it. Relegated from La Liga in 2000/01, the road back to the top of Spanish football has been far from smooth. After a lengthy spell in Spanish football's third tier, Real Oviedo beat Cadiz to gain promotion to the Segunda Division after a 12 year absence in 2015.

Now with the club on a sound financial football and eyeing a place back in La Liga, Oviedo and their army of supporters from across the world, are looking up rather than down. The club's future has rarely looked brighter.

ARENA 	1,0 	SOFT NEOPRENE	WOVEN POLY/ COTTON		0,5 BAR
KIDS 	1,0 		WOVEN POLY/ COTTON		0,5 BAR

DESCRIPTION OF HANDBALL SPECIFICATIONS

All handballs are hand-stitched and made from the synthetic material 'PU' (Polyurethane).

The 'MF' sign shows that the PU uses microfiber backing which makes the material extra soft.

This number shows the thickness of the PU material in millimeters. The thicker the PU material, the softer the touch of the ball is.

Specially developed, light and soft air-cushion which gives the ball extra softness and a good bounce.

Latex bladder with our specially developed Air-Trap valve which makes the ball retain air for longer.

The ball is not suitable for resin.

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve.
It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at 20 – 25°C.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.
Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

INDOOR SHOES

Füchse Berlin

THIS IS OUR HUNTING GROUND

FOUNDING YEAR 1891

THE GERMAN HANDBALL CLUB FÜCHSE BERLIN IS LOCATED IN THE CITY OF BERLIN. THE CLUB IS CURRENTLY PLAYING IN THE DKB HANDBALL-BUNDESLIGA, GERMANY'S BEST DIVISION AND THE STRONGEST HANDBALL LEAGUE IN THE WORLD.

In the north-western part of Berlin, Germany, you will find one of the twelve boroughs of the capital known as Reinickendorf. Intertwined with the beautiful countryside, Reinickendorf is an idyllic mix of lakes and parks on one side and suburban streets and lots of free parking spots on the other. This spectacular place is the original home of Füchse Berlin.

Nowadays, the brand Füchse Berlin represents the entire city of Berlin - and once in a while, the peaceful atmosphere of the neighbourhood is shattered by the passionate roars of 9,000 Füchse Berlin supporters, cheering their local heroes onto the field in the Max-Schmeling-Halle. In this amazing atmosphere, the players literally emerge from a giant fox's mouth, assisted by flames, fireworks and the team mascot Fuchsi. This overall fox-theme is a visualisation of the club motto: We are the hunters, we are Berlin, which is stated in order

to embrace the rural landscape that surrounds Reinickendorf but also to establish the club as the leading sport team in the German capital. And this bold statement is not just empty words: In 2014, Füchse Berlin managed to take home their first trophy ever by winning the DHB-Pokal in a close match that ended 22-21 against SG Flensburg-Handewitt. hummel character, Silvio Heinevetter, contributed substantially to this success as he put in a match-winning performance to help his team pull off a narrow victory.

In 2015, this victory was followed by the first international title. In a German final in Berlin, the Füchse beat HSV Handball and won the European Cup, and the third title followed shortly. At the beginning of the season 2015/2016, the Füchse Berlin participated in the Super Globe in Qatar. Having beaten Club Africain, FC Barcelona and KC Veszprém, the Füchse Berlin is now the reigning World Champion!

Did you know?

- The three jerseys of Füchse Berlin pay tribute to the city of Berlin. The pattern of the television tower is integrated in the home and away jerseys, while the international jersey resembles the seats of Berlin's underground trains.
- Besides Silvio Heinevetter, Füchse Berlin characters Paul Drux and Fabian Wiede are also represented in the colourful hummel family.
- Füchse Berlin also act as jersey sponsors themselves. They donated to the Australian Handball Federation which does not get any government grants. The jerseys of the Australian team will now show the Füchse logo.
